Award Winning Wallmounts and Stands for monitors & projectors

The V7 line of flat-panel TV and monitor mounts and stands is perfect for home, office, school or business. With lightweight aluminum construction, gas-assisted lifts, low mounting profiles and VESA compatibility, the V7 mounts and stands fit panels from 23" - 70" and offer exceptional quality at affordable prices, with five-year warranties included.

[...] "If we had to summarize these mounts in just a few words, I would say that the closest ones would be quality, easy step by step installation and affordability. We applaud V7 for their quality of construction and value. We award every single one of these products the Value Award."
www.Targetpc.com Oleg Mitskaniouk / 09.2010

V7 LCD Monitors

The sleek, compact and industrial looking LCD flat-panel monitors (17"-22") provide sharp, vivid images. Available in 5:4 and 16:10 aspect ratios, both with wide-angle view, display and fast response time.

V7 Cables

V7 cables are certified to meet or exceed industry-cabling standards. They feature quality components and utilize advanced manufacturing techniques to ensure consistent, top-quality network performance. V7 Cables are available in different colors and lengths: HDMI, DVI, VGA and much more.

V7 Surge Protectors

Durable and strictly tested, the V7 surge protectors' unique combination of surge/overload protection and noise/interference filtering provides user security from the costly loss of hard drive data or other damage. Each surge protector comes with a lifetime warranty and is backed by V7's connected equipment assurance program.
